Choose **e-Green!**

The choice is not between sustainability and cost efficiency – The choice is **e-Green!**

e-Green is made from 100% strong kraft paper and thus fully recyclable. Equipped with 2 adhesive strips and a tear strip, this bag is ideal for ecommerce businesses. Easy to pack and close, easy to open and reclose – in case of return shipments. Consumers will appreciate the ease of it.

As consignor, you are reducing packaging material, volume, weight and freight cost, compared to using oversized boxes. By using a recyclable paper bag, you will also reduce your environmental footprint.

e-Green is ideal for goods, which do not require a solid box or which are prepacked, such as clothing, shoes, accessories, cosmetics, consumer electronics and much more ...
